BULGARIAN ATROCITIES.

LONDON, November 16th.

The American Society has presented a memorial
to Lord Kimberley representing that the
incidents of the notorious Bulgarian atrocities
have lately been reproduced at Sassoun, in
Armenia. According to the memorial the
Bash-bozruks have massacred from six to ten
thousand Armenians in this district, and have
outraged and bayoneted hundreds of women.
The story has been denied by the Porte.

November 17th.

The Sultan of Turkey is sending a Commission
to investigate as to the truth of the allegations
that atrocities are being committed in
Armenia. The British Embassy at Constantinople
is also inquiring as to the truth of the statements.

JABEZ BALFOUR.

The extradition of Jabez Balfour has been

be instituted with the object of securing his
extradition as long as possible.

LOCAL AND GENERAL.

MACHINERY for a beet-sugar factory has lately
been shipped from Germany to P-trland, Oregon.THE Rev. Howland. "Cleanliness may be next to
godliness, but I object to a Chinese laundry being
put next door to the parsonage."THE adjourned annual meeting of the "Odd
Volumes" Society will be held at the Society's
Rooms on Friday, the 7th inst., at 9 p.m.THE Mission steam-launch Day Spring will
call alongside vessels holding code pennant C,
between 9 and 10.30 a.m., on Sunday, to convey
men ashore to the 11 o'clock service, returning
about 12.30 p.m.OUR Shanghai morning contemporary scathingly
refers to the Daily Press as "one of the cohort
of foreign journals in the Far East which have
sincerely found it to their advantage to lick the
hand that feeds them with manufactured news
from Tokyo."THE demand for American flour is said to be
greatly increasing in foreign countries. A very
large business is done in the Far East by Sperry
& Co. of California, the produce of Sperry's
Mills having an unrivalled reputation through-
out both China and Japan.CHAN KING SAN was fined \$10 by Mr.
Wodehouse at the Magistrate's court this morning
for being abroad without a license or pass after 9 p.m.
last night. Inspector Kemp stated that the
defendant was a watchman for gambling houses.
There was no defence and the ten shillings were
sued-up willingly.

THE POWER OF THE PRESS.

Marie—Did you notice at the ball last night
how disgracefully low Miss Rosebud's dress was
cut?
Louise—No, but I am sure it must have been
quite low for I see that the society papers have
taken it up.SAYS the Bangkok Times:—A true Herma-
phrodite was discovered by a doctor among the
Chinese passengers of the Phra Chom Klao,
at Singapore, during her present trip to Bangkok.
The same doctor found four upon one vessel a
short time ago, all Chinese. We are informed
that Chingmai boasts several similar freaks of
Nature.THE fast and furious British cruiser Crested
arrived here at 5 to this afternoon from Chefoo.
The Emperor of China, Li Hung-chang, General-
issimo's Sun, and other important personages
were not brought down by her in a state of
utter collapse from wear and tear and over-
indulgence in "potions." China State and Daily
Press copy.HARMON'S CIRCUS at the new site on
the Praya Reclamation, contiguous to Murray
Pier, attracted a fairly large audience this after-
noon. A special bill of fare is announced for
to-night, when a bumper house should reward
the enterprising management for their endeav-
our to supply the community in these dull times
with really first-class amusement.We have been favored by Messrs. Kelly and
Walsh, Ltd., with copies of their Imperial English
and Chinese Dictionary and Almanac and Date
Book for 1895, two indispensable adjuncts to
every office and business house in China. The
Dictionary has been greatly improved and, in addition
to being a valuable reference work, contains a
great amount of interesting and useful statistical and
other information, which has been very carefully
arranged for easy reference. This work occupies
great credit on our enterprising local publishing
firm.THE salt junk so outrageously annexed in British
waters by Chinese Customs officers a few weeks
ago was to-day handed over by the Harbour
authorities and Water Police, to whom it was
recently surrendered by the local Customs
officials, to the hapless owner, through
Mr. J. J. Sprouer, Chief Excise Officer. Since
the junk was seized by the Customs people, who
have been completely diverted of her salt, drying
boilers, etc., and in fact everything but her
masts, rigging and the cargo of salt. Most!OUR Government is no doubt wise, says an
American contemporary, in refusing to join with
the Government of Great Britain and the other
European countries in intervening in the quar-
rel between China and Japan. Nothing would be
gained by the United States from such an
alliance. Our interests in the Pacific are
destined to be as great as that of any European
nation, but they are not of a character
to lead us to "run" the risk of being left
out in the cold by the European alliance.
Let Japan fight out the issue. With
China independent and Japan dominant in the
East, Americans will stand more chance in
commerce than with some European power
holding the leading strings of Eastern politics.
The United States with their long Pacific
coast and growing industries and marine power,
have the East for a great extension of their
influence, commerce. It is rather an open question
whether they look upon the Pacific as a theatre
for their own expansion or as a theatre for
the expansion of some other power.An American contemporary remarks that the
peaceful occupation of washing shirts seems to
be better fitted to the Chinese character than
standing in front of guns.SIXTEEN vessels of various classes are now in
proceeding of coast action for the United States
Navy, the last of which will be finished and in
commission within two years.At 8 o'clock last night fire broke out in No. 32,
Bong m-Straud. The fire brigade were promptly
on the spot and succeeded in putting out the
"blaze" before much damage was done. The
North German Insurance Co. has a line of
\$3,000 on the premises in question.

THE PERFORMANCE

AT

HARMON'S CIRCUS

COMMENCING AT 9 P.M.

ON THE

PRAYA RECLAMATION,

CLOSE TO MURRAY PIER.

INSPECTOR HUNTER charged three shop-
keepers at the Police Court this morning for
being in possession of fraudulent balances. The
amounting to the aggregate of \$70 were imposed
and paid, and yet it may be safely predicted that
these and other convictions will not stop the
"sneaky pig" so long and successfully
practiced in this Colony.WONG YAU, 16 years of age, a notorious
earring snatcher who has been previously
convicted, was ordered by Mr. Wodehouse at the
Magistrate's court to be whipped with
twenty strokes of the rattan and undergo
also months' imprisonment for snatching
a pair of gold ear-rings from a Chinese
woman near the Central Market yesterday
afternoon.THE fastest passage ever made from Hamburg
to Sandy Hook, New York, via Southampton,
was recently accomplished by the German
steamer Furst Bismarck, Capt. Albers, the
time occupied being 8 days, 10 hours and 53
minutes. The day's runs were as follows: 436,
478, 482, 478, 501, 493 and 160. Total distance,
10,421; average speed 17.1 hour, 10.6 knots.
The Furst Bismarck beat her best previous west-
ward record by twenty minutes.We have received from Messrs. Villa, Lopes &
Co., wine merchants of No. 22, Stanley Street,
a sample of very high quality sherry, which is not
inadequately described as "nothing." Anything
pleasanter to the palate it would be difficult to
imagine, and the only drawback regarding it is
its cost, \$60 per dozen, which is a prohibitive
tariff in these hard times to everybody in the
colony excepting millionaires and philanthropists
and the higher ranks of the Government Service.
However, Messrs. Villa, Lopes & Co. have a fine
selection of sherry, and it is hoped that the
Police will soon attend to the interests of
the Imperial Customs instead of attending to
their duty to the Hongkong ratepayers.This colony monopoly has been leased to the
Hau Fook Syndicate—the present lessees—for a
further term of three years from the 1st March,
1895, at \$285,000 per annum instead of
\$240,000 a year, the sum which the Farm fetched
during the past three years. This great falling
off in the option revenue was confidently pre-
dicted in the Hongkong Telegraph weeks ago,
owing, in great measure, to the scandalous
policy of the Government in allowing the Water
Police to ignore the interests of the Imperial
Customs instead of attending to their duty to
the Hongkong ratepayers.THE loss of a blade or so of the propeller of a
big ocean steamer nowadays, says the New York
Maritime Register, does not apparently give
the vessel a great deal of inconvenience. At any rate
it is only incidentally mentioned in the papers
in port or perhaps it is not spoken of at all. There
was a time not so very long ago when an occur-
rence of this kind would have had particular
mention and considerable space would have been
given to the subject by the daily press. The loss
of propeller blade is not now so frequent as it
used to be. And in the event of its happening it
means little more than a slightly delayed passage.
The triumph of modern ship-building over many
of the terrors of old ocean travel is marked and
it is to be hoped it may continually progress.At the Police Court this morning, before Mr.
Wodehouse, Captain Waddell of the steamer
Yuenyang, was charged at the instance of
Inspector Kemp for unlawfully reporting on
board his ship on her arrival in Hongkong.
Mr. J. Hastings appeared for the defence. Mr.
J. Chagas, Acting Boarding Officer, of the Har-
bour Office, stated that on the 15th November
last he boarded the steamer Yuenyang, and
asked the second mate how many passengers
there were on board. The officer told there were
no cabin passengers and 11 Chinese (dock).
Witness did not see the Captain, nor did he ask
to see him. The Magistrate dismissed the case
against the Captain, and caused a summons to
issue against the second mate, who, he said,
appeared solely to blame.According to latest mail news, affairs in East
Africa are in a very dangerous aspect, and
serious troubles were feared. The Portuguese
Government had decided to send to Lourenco
Marques a whole regiment of infantry, a
squadron of cavalry, and a battery of artillery.
A cable from Lourenco Marques, dated October
29th, was to the effect that the local Chamber
of Commerce had been informed that the
